

Performance Programme Monthly Report May 2013

A very busy month with the qualification period for the 2014 Commonwealth Games open and the international season in full swing.

| Dates | 24 April – 21 May |
| Country/venue | Jamaica / Guyana / Trinidad / Barbados |
| Results | <p>Ian Shaw was a member of the GB team to the West Indies (WI) in May. Typically the GB team to the WI is not a strong team, but on this occasion it was extremely strong as the prestigious Australia Match was to be held in Barbados, with Australian, GB, Canadian and West Indies teams competing. Ian assured his selection for the Australia Match team by top scoring in both the final lead-up matches and then had 2nd top score in the Australia Match itself. In the team of ten, there were five from the Home Countries who had shot in the Delhi CG and another two who are almost certain to be selected for 2014.</p> |

| Outline of Competition logistics | <p>There is no equipment control in Plzen. They do now however have electronic targets fitted on the 50m range. This leaves only the 10m range now that runs with paper targets though the electronic scoring machines can and do produce decimal scores.</p> <p>They are trying more and more to run the event such that the competitors get an official "Pre Event Training" slot. These slots can be very short. For 3p it may only be 1 hour that's provided which is not enough time to go through all 3 positions. Just need to be aware of it and plan appropriately.</p> | | | | | | | | |

| Outline of Competition logistics | <p>Both of these matches were run on the STS/SSRA Megalinks, the targets managed and the range run by staff who are working their way up the RO/Jury/EST ladder. It is the plan to run all of the SSRA 3P GPs on Megalinks this year as they are always held at Denwood. The Prone GPs move about the country so not all will be on Megalink targets.</p> <p>The 3P schedule consists of a Qualification and Final. The Prone event consists of an Elimination round, Qualification and Final. Events run to the new timings and finals were in the new format.</p> <p>The 3P event was held on the Saturday and was poorly attended. The Prone event was held on the Sunday and was better attended which has been the norm in recent years.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

As this was the first CG trial, I wanted all those competing to use the SAME ammunition, rather than some using personal handloads tuned to their rifle.</p> <p>The weather was perfect for very testing shooting. There were sunny conditions but rapidly changing light as clouds passed over, which caused the main wind indicator, mirage, to disappear for short periods. The wind was a rapid fishtail on Sat and Sun, with a strong wind on Mon at long range changing angle very rapidly from 7 o'clock to 9 o'clock, producing a great spread in scores. Despite the HPS members being squadded together in the second detail (the more difficult detail at both long ranges), Ian Shaw managed a fantastic 72 ex 75 at 1000 yards, whilst the average score was 64, which pulled him up through the field enough to win the Grand Aggregate.</p> <p>It should be noted that this competition was fired on NRA pattern targets. If ICFRA targets (i.e. those for CG) had been used the scores would have been very much worse, as the conditions were extremely difficult.</p> |

Programme Administration

Fairly minimal this month as I was abroad with British Shooting 2-14 and 22-30 May at two ISSF World Cups.

I met with **sportscotland** about the Coaching Futures programme, but unfortunately we were unsuccessful in obtaining a place in this.

I attended the Team Scotland site visit to Glasgow 2014.
