

# Scottish Multi-discipline Shooting Championships

Sunday 17<sup>th</sup> May 2009, Jubilee Range Blair Atholl

West Atholl Rifle Club assisted by Blair Atholl Gun Club and Blair Atholl Small-bore Rifle Club will again be hosting the Scottish Multi-discipline Shooting Championships at the Jubilee Range, Blair Atholl on 17<sup>th</sup> May, 2009. The course of fire will comprise:

## Full-bore rifle

2 sighters and 10 rounds to count at 500x

## Small-bore rifle

sighters and 10 rounds to count at 50yards

## Clay target

practice and 10 clays "DTL"

## Air pistol

practice and ten shots to count at 10m

Competitors will be ranked in each event and the rankings added together to determine the overall winner and team winners. Depending on entries, prize money will be distributed to the leading competitors. The event will not be squadded so competitors may choose when to shoot each event between 9.30 and 3.30. Depending on entries some events may close earlier.

The day will be an official "guest day" for both West Atholl Rifle Club and Blair Atholl Small-bore Rifle Clubs which will allow competitors without their own rifles to use club rifles under one to one supervision. To comply with rules for guest days all competitors must belong to a recognised organisation such as a Rifle or Clay Target shooting club or be known to the organisers. All competitors will be required to exhibit membership of such a club or give the name of a sponsor from the organising clubs or exhibit their personal FAC. The event will have Section 11(6) exemption allowing competitors without their own shotguns to use shotguns under one to one supervision. Competitors exhibiting their personal SGC will not require supervision for the shotgun stage. Air pistols will also be available. All competitors without their own FAC or SGC will be required to sign a declaration that they are not prohibited from handling firearms. Ammunition will be available at cost for use on the range only. "F" class and sporting rifles may be used in the full bore stage but will be handicapped by one scoring ring relative to pure "TR" rifles. Only non-expanding rifle ammunition may be used. It is expected that the new electronic full-bore targets will be in use so there should be no need for butt marking but competitors may be called upon to assist as coaches or RCOs. Directions to the range may be found at [www.westatholl.org.uk](http://www.westatholl.org.uk) or obtained from the organiser. Any other questions may be addressed to myself:

Tony Langford: 0141 776 2718, [amlangf@yahoo.com](mailto:amlangf@yahoo.com)
