

## NW Region Match 1992.

After last year's false start, everyone is somewhat relieved that this match finally happened with only minor hitches on Sunday 17th May at Linwood.

Due to rather short notice that NW could actually come and of the numbers they intended to bring, team did not have as much notice as we would like to give. Nonetheless, Scotland raised a promising team.

A 3-P match and prone matches for seniors, women and juniors were included in the one day event and the honours were split two matches each, though we did lend them one shooter, chosen at random to complete their junior team.
