Congratulations to the winners, and good to see a very competitive Veterans section! It has become apparent that awards for this competition have not been made for some years now - decades in the case of the Silver Medal itself - so I will do my best to rectify this situation.

I am wondering if we should consider an Over-70s and perhaps Under-18 and Under-16 categories, and perhaps run this competition earlier in the winter season. It would be good to get some feedback from anyone who would care to offer it.
